

GOLF NEXT WEEK

All Arrangements Made for Big Country Club Tourney.

Biggest Golf Event Topeka Ever Had Is Predicted.

Bob Peebles, country club professional, announces that all arrangements have been made for the big third annual tournament of the club that will be held next week. "We expect the tournament to be a bigger success than any golf event that was ever held in Topeka," a member of the country club said. "The course is in good condition and unless the weather interferes, there will be some spectacular golf playing."

Invitation Tournament.

The invitation tournament will begin Thursday and last until Saturday afternoon. Preceding the amateur playing, the first southwestern open tourney will be held, beginning Tuesday morning, and most of the professional golfers from the middle west are expected to be here to take part in it.

Thirteen clubs, including the Shawnee club, are expected to send 64 players to participate in the invitation matches, and between 16 and 20 professionals are scheduled to tee off in the Southwestern open.

Among the noted professionals who will be here are Chester Nelson of the Oklahoma City Country club, Oklahoma open champion; Fred Clark of the Oakwood club of Kansas City; Missouri open champion; and Walter Clark of the Denver Country club.

The Professionals.

The professionals who have stated positively that they will be here are: Chester Nelson, Oklahoma City Country club; Fred Clark, Oakwood Country club, Kansas City; Fred Bell, Lake-wood Country club, Denver, Col.; Walter Clark, Denver Country club, Denver, Col.; Tom Johnson, Lincoln Country club, Lincoln, Neb.; Tom Clark, Blue Hill club, Kansas City; Jim Watson, Mission Hill club, Kansas City; Joe Matthews, Country club, Kansas City; B. Campbell, Swope Park, Kansas City club; Jack Welsh, Golf and Country club, Des Moines; Bob Bolton, Heland club, St. Joseph; Tom Silsby, Country club, St. Joseph; Arthur Jackson, Tulsa Country club, Tulsa, Okla.; Frank Kidd, Wichita Country club, Wichita; Harry Robb, Hutchinson Country club, Hutchinson.

Club Representatives.

The clubs that will be represented in the invitation tournament and the number of players they will send are as follows: St. Joe Country club, 8; Salina Country club, 6; Emporia Country club, 8; Wichita Country club, 4; Ottawa Golf club, 8; Lawrence Country club, 8; Hutchinson Country club, 6; Oklahoma City Country club, 4; Lincoln Country club, 2; Leavenworth Country club, 1; President Golf club, San Francisco, 1; Elbridge Country club, 2, and Shawnee club, 16.

GAMES AT EMMETT SUNDAY.

Jackson and Pottawatomie Counties Will Play a Doubleheader Bill.

Emmett, Kan., Sept. 16.—Next Sunday's doubleheader between Jackson and Pottawatomie counties will be the most hotly contested series of the inter-county baseball tournament. Jackson is coming with the strongest team they ever turned out accompanied by 350 rooters.

Last year Pottawatomie won both games from Jackson by score of 1 to 0 and 5 to 1 and having won a double victory from Shawnee last Sunday it would appear that Jackson will have to play high class ball in order to win.

The best players from four of the fastest teams in the state will be in the Jackson county lineup. There will be six from Circleville, two from Soldier, three from Holton and four from Mayetta and among them will be several big league Indian players. Puckee, Mshickteno and Big Eagle, who has been on the pitching staff of the Carlisle Indian traveling team for the past two years, are in the lineup.

LOOK OVER OUR ARMS

Visitors Inspect Kansas Munitions at State House.

Within the last few weeks the daily number of visitors to the arsenal of the Kansas National Guard has doubled, according to a statement from the office of Charles J. Martin, adjutant general of the guard.

In the arsenal, located in the basement of the state house in Topeka, are all manner of auxiliary stores for use in the event of Kansas troops taking the field. These stores, which are in addition to the full equipment carried by the various companies and organizations of the guard, range from the "soldiers' housewives," containing a few buttons, thread and needles, to 75 military transport wagons, thoroughly equipped for service. More extra ammunition, summer and winter clothing, and camp equipment is on hand in the arsenal than ever before in the history of the organization, it is said.

MUST PAY OLD BOND ISSUE.

Hugoton Faces Necessity of Floating New Bonds to Meet Old.

Hugoton, Kan., Sept. 16.—Hugoton is facing the necessity of paying an old bond debt, which brought the town few benefits. Back somewhere in the '80's, the town was bonded for \$10,000. Later the town slumped and the value of the bonds slumped with the town. But some years ago things began to pick up at Hugoton and when the town has become again prosperous the holders of the old bonds reminded the city authorities of the old obligation which dated back into the '80's. The matter went to court and the bond holders were given a judgment against the city for the face value of the bonds.

Now an effort will be made to fund this indebtedness, converting it into new bonds, which can be paid by Hugoton in installments. Attorney Frank A. McCoy wants to make arrangements in Kansas City for taking care of the indebtedness.

AL HALL, WANTED FOR MURDER.

Al Hall, alias Harris, alias Lewis, arrested for the murder of Albert Allen of Morland, Kan., escaped from the Hill City jail Sunday morning before daylight. He is believed to be a bad man and it is thought that he is wanted in several places. Hall is about 38 years old, medium height, weighs 140 pounds and has a scar across his nose. A reward of \$100 has been offered for his apprehension.

SOAP IN EDUCATION.

A Greater Necessity Than Books, Says President Butcher.

Emporia, Kan., Sept. 16.—"Soap is a greater necessity in education than books," said President Thos. W. Butcher of the Emporia normal, in an address here before eleven hundred students. "Some countries are noted for what they drink, others for what they eat, but America is conspicuous for the amount of soap that she uses. Let us keep alive the tradition of cleanliness."

"You as future teachers will need social as well as individual attainments. The banker or the merchant need not attend closely to the cut of his coat or the color of his tie, but the teacher is watched in these respects. I have known a poorly chosen necktie to lose a superintendent his position.

"Education is being able always to find something to do. But it is more than that. It is being able to do it with ease and grace. It is the culture obtained by soap and grooming. We need more soap in education."

FOUND CRAZY MAN AT OGDEN.

Manhattan Officers Try to Learn Identity of Insane Wanderer.

Manhattan, Kan., Sept. 16.—Citizens of Ogdan brought down to the jail here a stranger found wandering around up there in what they took to be a crazed condition; and Sheriff Schermerhorn is trying to learn the identity of the man.

In his ravings at the jail, the man stated that his name is Finley Boston and that his mother, a Mrs. Brown, lives at 951 Osage street, Argentine, Kan.

He was evidently suffering from a lack of food and the sheriff stated that he was convinced the man had had nothing to eat for several days.

MUST SERVE HIS SENTENCE.

Henry Litteral Denied New Trial in Columbus Murder Case.

Columbus, Kan., Sept. 16.—Henry Litteral must serve his sentence in the state penitentiary for the murder of his brother, Jesse Litteral, last spring.

In the district court at Galena, Judge J. N. Dunbar overruled a motion for a new trial of the case, and Litteral will be sentenced later.

Litteral was found guilty of manslaughter by a jury early last week.

OLSBURG GAZETTE SOLD.

Former Athol Record Owner Buys Paper From E. Bronaugh.

Manhattan, Kan., Sept. 16.—Guy Harmon has sold the Olsburg Gazette to Edwin Bronaugh, who formerly owned the Athol Record. Mr. Bronaugh will take charge immediately. Mr. Harmon will spend all of his time in Leonardville in an effort to boost the circulation and general business of his paper, the Leonardville Monitor.

We haul trunks. Phone 698.—Adv.

WAS FINE WEEK

Good Weather Improved Crop Conditions in State.

Government Report Shows Good Prospect in Wheat Belt.

Following is a summary of weather and crop conditions in Kansas and in the wheat and corn region for the week ending September 14, issued by the weather bureau section center at Topeka:

Nearly all of Kansas enjoyed ideal weather for maturing corn and catching up with delayed farm work this week. In most parts it was the warmest week of the season. There was no rain to interfere with farm work except in the southeast quarter of the state and the Kaw valley and drying winds, with plenty of sunshine, were general the last three days.

Corn made exceptionally fine growth and the warm weather has begun to mature it nicely, but it is very uneven in ripening. In the southern part of the state from half to three-fourths has reached the point where it is safe from frost now; in the northern part not more than 25 per cent is safe generally, the bulk of the state's crop will be safe by September 25 or October 1, which is from ten days to two weeks earlier than the average date of the first killing frost in autumn in Kansas. There is considerable late planted corn, especially in the northern portion, that will not be matured until about October 10 or 15.

The sorghums (kafir, feterita and milo) are making fine growth, but will not be past danger from frost until October 1 in the southern counties and two weeks later in the northern.

Threshing wheat and oats went forward almost without interruption this week, but in the western counties more than half remains to be done. The yield of wheat continues poor. Oats are more encouraging.

Plowing went forward all week but the ground was too hard to plow well in the southwestern, central and northeastern counties and too wet in the southeastern. No wheat has been sown except in a few northwestern counties, where some early seeded and volunteer wheat is up.

An extra heavy crop of prairie hay is being secured in fine shape. In many places pastures have grown so they are being cut for hay.

The third crop of alfalfa is about made and the fourth is ready in many places.

Picking fall apples is becoming general.

Generally warm weather and much sunshine during the week in the principal corn growing states was very beneficial. Maturing of the crop made rapid progress except in the more northern portions where it was too cool and wet.

In the spring wheat belt threshing was generally interrupted by rain the latter part of the week. In the winter wheat belt, except in a few restricted areas the soil is in excellent condition and preparing the ground for seeding is progressing rapidly. Only a little wheat has been sown yet.

Pastures, ranges, truck and stock continue in good condition and fall feed is abundant.

"Why, captain, are you making your boat hug the shore?" "Because I am embracing an opportunity to land."—Ballmore American.

BEAT the HEAT

Santa Fe

Exhilarating Altitudes
Tempered Temperatures

The Santa Fe is the most comfortable summer route to California. All roads cross the western desert country, but the Santa Fe crosses it at its narrowest point. Annoyance of dust and smoke is prevented by oil-sprinkled road-bed and oil-burning engines. Sleepers and chair cars on through California trains are equipped with patent ventilators.
